

CUP — navigating uncertain times together

As the largest provider of family homelessness services in the region, **Bethany House Services** plays a critical role in mitigating the homelessness crisis. In 2025, 691 families were served across all programs. Bethany House addresses the full spectrum of housing instability: homelessness prevention, emergency shelter, family support services, and post-shelter/re-housing support. Our wrap-around services, supplemented by services and goods provided by our fellow CUP partners, stabilize and empower families to break the cycle of homelessness, promote long-term self-sufficiency, and help families move one step closer to home.

Our Daily Bread is Cincinnati's largest soup kitchen. Using 100% donated/rescued food and volunteer support, we provide 500-600 hot, home-cooked meals each weekday to the people of Over the Rhine. For 41 years, Our Daily Bread has proudly served in partnership with the agencies of CUP. Once our guests have eaten, they may head to Mary Magdalen House to shower and refresh their clothes, St. Vincent de Paul for a prescription refill or home to Tender Mercies. Struggling families are referred to Bethany House and we rest well knowing they are safe and loved. We also serve alongside our sister pantry/soup kitchen, Queen City Kitchen, working together to fill gaps in location and timing so we can feed as many people as possible.

Tender Mercies + CUP: Transforming Lives Together. In 2025, Tender Mercies provided Permanent Supportive Housing to 236 homeless adults living with mental illness. Thanks to our partnership with our fellow CUP agencies, 95% of the residents maintained their housing or moved to permanent homes, and 63% maintained income—critical steps toward lasting stability. In early 2026, Tender Mercies completed 30 modern, independent efficiencies, offering not just housing, but security, dignity, and a true sense of home. Together, we're helping neighbors achieve their highest level of well-being.

Since 1988, **Mary Magdalen House** has been dedicated to the belief that access to hygiene is a basic human right. Mary Magdalen House has the opportunity to restore dignity by providing access to showers, laundry, clean clothing, and other dignity-promoting resources to more than 100 neighbors every day. We are grateful to work alongside our fellow CUP organizations who join us in our efforts to improve the holistic well-being of our unhoused neighbors. Through access to hygiene resources, people who are unsheltered can continue their journey toward becoming housed with restored confidence and hope.

St. Vincent de Paul has served residents of Greater Cincinnati for over 150 years through its parish-based conferences and the Neyer Outreach Center.

Over 1,100 volunteers in more than 50 local neighborhoods visit with neighbors in need, in their homes, and provide material aid, encouragement, and hope. Our areas of focus include homelessness prevention, assistance with food, clothing, furniture and free prescription medications. Our fellow CUP organizations help us serve the unique needs of families and individuals in our community. Families experiencing homelessness are referred to Bethany House and those in need of personal refreshment, to Mary Magdalen House. Neighbors living with mental illness and experiencing homelessness are referred to Tender Mercies for help in finding a safe home.

Neighbors who are lonely and in need of food are asked to visit Our Daily Bread and Queen City Kitchen for hot meals, some groceries and fellowship.

Queen City Kitchen helps alleviate hunger in the Walnut Hills neighborhood within an environment of respect, care and hospitality. As we celebrate our 50th year, Cincinnati's oldest soup kitchen remains true to its mission by providing 20,000 meals annually to neighbors, families and others in our community. Each week, five hot, well-balanced meals are served to our guests with the help of volunteers living their faith and strengthening our community. Guests also have access to a choice pantry, where they choose items needed to prepare their meals. Our guests are further served through referrals to our CUP partners, St. Vincent de Paul for medication, clothes, and financial assistance, Mary Magdalen House for clean clothes and showers, housing assistance from Bethany House and Tender Mercies and additional meals and socialization at Our Daily Bread.

Your support made all this possible!

Thank You!
